

REMARKS

Claims 30, 32-44 and 46-51 are allowed.

Examiner's Amendment

Claim 46 has been amended in accordance with the Examiner's Amendment made pursuant to a telephone interview with John Wechkin on April 14, 2009 changing "stimulation site" to --cortical stimulation site--.

Claim Objection

Claim 31 is objected to due to informalities since the subject matter of the combination of claims 30 and 31 is the same as the claimed subject matter in claim 46. Applicant has canceled claim 31 as suggested by the Examiner. Thus, this objection is now moot.

Conclusion

Applicant respectfully submits that the application is in condition for allowance and requests the Examiner to pass the application to issue. Applicant believes no fee is due with this response. However, if a fee is due, please charge Deposit Account No. 50-3906 from which the undersigned is authorized to draw.

Applicant does not believe that an extension of time is necessary. However, if any extension of time is necessary, Applicant hereby petitions for such extension of time and authorizes the Office to charge Deposit Account No. 50-3906 from which the undersigned is authorized to draw for the appropriate extension of time fee.

Respectfully submitted,
